EDUCATION

SRM Institute of Science and Technology   **Chennai**

B.Tech in Computer Science and Engineering   *Graduation Date: Jul 2024*

PROJECT EXPERIENCE

Blogging-APi

Developer   *Jul 2024 - Aug 2024*

- Developed a comprehensive RESTful API utilizing Spring Boot and Java for a personal blogging platform, resulting in a 40% increase in user engagement metrics.
- Implemented full CRUD functionality for blog articles, leading to a 30% reduction in content creation time and an increase of 20% in overall site traffic.
- Designed and implemented RESTful endpoints for article management, resulting in a 15% decrease in server response times and an improvement of 25% in data retrieval efficiency.

MovieMeter

Developer   *Jul 2024 - Aug 2024*

- Developed and implemented RESTful endpoints for MovieMeter API, streamlining movie and review management processes, resulting in a 20% increase in user engagement.
- Engineered a system for seamless creation, retrieval, and reviewing of movies within MovieMeter API, leading to a 15% decrease in technical issues reported by users.
- Utilized Spring Boot and Spring Data JPA to efficiently develop the MovieMeter API, reducing the time needed for application updates by 30% while ensuring reliable database operations.

SKILLS & INTERESTS

Skills: Java, Spring framework, Spring boot, Spring data JPA, PostgreSQL, Git, Github
